Randolph PTO Newsletter

Randolph PTO President's Message

October is an exciting month for our PTO as we look forward to the fun, exciting events and activities we have planned for our students. During our Meet the Teacher/Open Houses we had the opportunity to talk to many parents. Some asked "what is the PTO" and "why is it needed". In short, the PTO is a partnership between parents and teachers. Our goal is to improve communication between our schools and parents. Many were surprised when they heard that our Randolph PTO is the only organization that supports all three campuses. We provide volunteers, host events, fundraise, provide financial assistance and so much more to the Elementary School, Middle School and High School. But ultimately, it is the support of our parents that makes the PTO a success. So come join us and help us succeed.

Astrid Wisser
PTO President
